Dear Mr. Hedberg;

Your record keeping department seem to be lacking some what.

We have not been involve in any way with Mineral Fossil Lease # 42750 for more than two (2) years. We went through the proper channels with the Dept. of Land and Forestry and recorded the change then with Jerry S??

Please note our address is in the state of Wyoming so we could not, under the laws of Utah, have a lease there.

Sincerely,  
  
Edwin A. Cole
